## ENROLLMENT SERVICES

---

### ADMISSIONS PROCEDURES

---

#### ENTRANCE REQUIREMENTS

Minimum requirements include: a high school diploma, General Equivalency Diploma (GED) or equivalent, and proficiency in English as determined by high school transcripts, Scholastic Aptitude Test (SAT), American College Test (ACT) or an English Language Proficiency Exam.

Prospective students who completed secondary education outside of the U.S. may present national school leaving certificates (including: CXC, GCE, “O” and “A” levels, Bagrut, Abitur, IB, Attestat, French Baccalaureat, etc.) for consideration. A NACES approval evaluation may be required to determine a foreign credentials authenticity a equivalency in the U.S.

Academic and technical aptitudes are required in varying degrees for different programs. In general, bachelor of science (BS) and associate in applied science (AAS) courses depend upon academic abilities, and the associate in occupational studies (AOS) focuses more on technical aptitude. All BS applicants who have completed fewer than 24 post-secondary college or university credits must submit results of the SAT 1 reasoning exam or ACT exam. These results must be less than five years old.

Vaughn requires that all applicants take the Accuplacer Assessment Test, which is administered at the College, to determine course placement. (Students who received a score above 500 on the math and/or critical reading section of the SAT reasoning exam, or equivalent score on the ACT exam, are not required to sit for the placement test.) Transfer students with applicable college credit are also exempt from the Accuplacer, as are students in the Aviation Training Institute.

The Accuplacer Assessment Test is an approved Ability to Benefit (ATB) exam and is required for students who do not have a high school diploma or its equivalent from a United States high school and who are seeking financial aid awards under New York State’s Tuition Assistance Program (TAP). Students subject to the ATB exam requirement will be notified by their admissions counselor and referred to the Student Success Center for administration.

#### College Transcripts

College transcripts are required of all applicants who are seeking transfer credit for work completed at another regionally accredited college or university. Official transcripts noting any coursework from each institution you attended must be filed with the office of admissions. Transfer students who have completed their education in the US and have earned in excess of 24 semester hours of credit following completion of the high school diploma are not required to submit high school transcripts, but must submit proof of high school graduation (in the form of a final high school transcript, diploma or GED certificate).

International students, or students who attended college outside the US must submit their transcripts for evaluation to any National Association of Credential Evaluation Services (NACES) approved organization. The evaluations must then be forwarded to the office of admissions. Only NACES approved organization evaluations of college-level credit will be accepted when considering college transfer credit. The evaluation agency must indicate that the institution has accreditation equivalent to that of institutions recognized as accredited by the United States Department of Education. English-language translations are not sufficient.

### INTERNATIONAL STUDENT APPLICANTS

---

International applicants should visit the international student section of Vaughn’s website, [www.vaughn.edu](http://www.vaughn.edu), to read and download the latest information and forms. The International Application Supplement and Instructions should be the first document you review.

Applicants who have completed their secondary education in other countries are required to submit NACES evaluated copies of their records, in English. A fluent use of English, both written and spoken, is required and must be substantiated in one of the following ways:

1. An English Proficiency Certificate from an acceptable agency (e.g., the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS)).
2. The completion of the equivalent of four American secondary school units in formal English instruction.
3. Students transferring from other American institutions must submit credentials that describe the admissions action and their academic progress at that institution.

Vaughn College reserves the right to require a student educated in another country to complete additional instruction in English if his/her performance so indicates.

Citizens of other countries who plan to study under F-1 visa regulations may be accepted only for full-time study, must have sufficient financial resources to fund their education without working in the US and must comply with F-1 visa requirements. The American Consulate in the prospective student's home country should be contacted regarding financial assistance programs available through governmental agencies.

The application for admission (with the required \$40 US fee), as well as the international application

supplement, is to be filed at least 90 days before the

start of the academic semester for which you are enrolling. The office of admissions will not review any international application submitted without the appropriate application fee.

## **FINANCES FOR INTERNATIONAL STUDENTS**

---

All financial arrangements must be completed before departing for the US. Students who transfer to Vaughn from other institutions must file evidence of financial support directly with the admissions office.

An international student accepted for admission is required to submit a nonrefundable tuition deposit of \$600 US to reserve a place among the entering class. Once the affidavit of support and other proof of financial ability have been received, the College will issue a completed certificate of eligibility (Form I-20) to the student. This certificate must be presented to an American Consulate in order to obtain the student classification F visa.

First-year international students must pay tuition and fees in full by the first day of classes. In subsequent years, they are permitted to participate in the College's deferred payment plan. Students who fail to regularly meet their financial commitment after joining a payment plan will be immediately removed from the program.

Students with F visas who transfer from other American institutions should notify Vaughn's admissions office of this change upon applying. The College then will assist these students in processing the required government notification.

## **STUDENTS WITH DISABILITIES**

---

While Vaughn does not make any preadmission inquiries about disabilities, applicants who require accommodations due to a disability are encouraged to confer with the admissions office after they receive notification of acceptance.

The Title 504 and Americans with Disabilities Act compliance officer at the College is the executive director of the student success center.
