Vaughn College
of Aeronautics and Technology

Undergraduate Catalog Addendum 2017–2018

The addendum to the catalog of Vaughn College of Aeronautics and Technology is prepared by the office of public affairs in consultation with other departments.

While every effort is made to provide accurate and current information, the College, at its sole discretion, reserves the right to change without notice, statements concerning policies, rules, requirements, procedures, courses, curricula, schedules, activities, tuition, fees and calendars of the College that are set forth in this catalog. Such changes can be of any nature, including, but not limited to, the modification, cancellation or elimination of programs, classes or activities.

Payment of tuition, registration or attendance at any class shall constitute a student's acceptance of the College's rights as set forth above. If you have questions or would like current information, please contact the office of admissions at 718.429.6600, ext. 118.

Vaughn College is committed to a policy of equal treatment and opportunity in every aspect of its relations with its students, faculty, staff, applicants and members of the larger community, including consideration for admission to the College and access to the College's programs, privileges, activities and services without regard to age, citizenship status, disability, marital status, national origin, race, religion, creed, veteran status, gender or sexual orientation.

Inquiries regarding the application of the equal opportunity and nondiscrimination policies and procedures at Vaughn College can be referred to the office of student affairs.

For information on Vaughn's master's degree program in airport management, see the graduate catalog on Vaughn's website.

As with all annual publications, information is subject to change.

ENROLLMENT SERVICES

ADMISSIONS PROCEDURES

ENTRANCE REQUIREMENTS

Minimum requirements include: a high school diploma, General Equivalency Diploma (GED) or equivalent, and proficiency in English as determined by high school transcripts, Scholastic Aptitude Test (SAT), American College Test (ACT) or an English Language Proficiency Exam.

Prospective students who completed secondary education outside of the U.S. may present national school leaving certificates (including: CXC, GCE, “O” and “A” levels, Bagrut, Abitur, IB, Attestat, French Baccalaureat, etc.) for consideration. A NACES approval evaluation may be required to determine a foreign credentials authenticity a equivalency in the U.S.

Academic and technical aptitudes are required in varying degrees for different programs. In general, bachelor of science (BS) and associate in applied science (AAS) courses depend upon academic abilities, and the associate in occupational studies (AOS) focuses more on technical aptitude. All BS applicants who have completed fewer than 24 post-secondary college or university credits must submit results of the SAT 1 reasoning exam or ACT exam. These results must be less than five years old.

Vaughn requires that all applicants take the Accuplacer Assessment Test, which is administered at the College, to determine course placement. (Students who received a score above 500 on the math and/or critical reading section of the SAT reasoning exam, or equivalent score on the ACT exam, are not required to sit for the placement test.) Transfer students with applicable college credit are also exempt from the Accuplacer, as are students in the Aviation Training Institute.

The Accuplacer Assessment Test is an approved Ability to Benefit (ATB) exam and is required for students who do not have a high school diploma or its equivalent from a United States high school and who are seeking financial aid awards under New York State’s Tuition Assistance Program (TAP). Students subject to the ATB exam requirement will be notified by their admissions counselor and referred to the Student Success Center for administration.

College Transcripts

College transcripts are required of all applicants who are seeking transfer credit for work completed at another regionally accredited college or university. Official transcripts noting any coursework from each institution you attended must be filed with the office of admissions. Transfer students who have completed their education in the US and have earned in excess of 24 semester hours of credit following completion of the high school diploma are not required to submit high school transcripts, but must submit proof of high school graduation (in the form of a final high school transcript, diploma or GED certificate).

International students, or students who attended college outside the US must submit their transcripts for evaluation to any National Association of Credential Evaluation Services (NACES) approved organization. The evaluations must then be forwarded to the office of admissions. Only NACES approved organization evaluations of college-level credit will be accepted when considering college transfer credit. The evaluation agency must indicate that the institution has accreditation equivalent to that of institutions recognized as accredited by the United States Department of Education. English-language translations are not sufficient.

INTERNATIONAL STUDENT APPLICANTS

International applicants should visit the international student section of Vaughn’s website, www.vaughn.edu, to read and download the latest information and forms. The International Application Supplement and Instructions should be the first document you review.

Applicants who have completed their secondary education in other countries are required to submit NACES evaluated copies of their records, in English. A fluent use of English, both written and spoken, is required and must be substantiated in one of the following ways:

1. An English Proficiency Certificate from an acceptable agency (e.g., the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS)).
2. The completion of the equivalent of four American secondary school units in formal English instruction.
3. Students transferring from other American institutions must submit credentials that describe the admissions action and their academic progress at that institution.

Vaughn College reserves the right to require a student educated in another country to complete additional instruction in English if his/her performance so indicates.

Citizens of other countries who plan to study under F-1 visa regulations may be accepted only for full-time study, must have sufficient financial resources to fund their education without working in the US and must comply with F-1 visa requirements. The American Consulate in the prospective student's home country should be contacted regarding financial assistance programs available through governmental agencies.

The application for admission (with the required \$40 US fee), as well as the international application

supplement, is to be filed at least 90 days before the

start of the academic semester for which you are enrolling. The office of admissions will not review any international application submitted without the appropriate application fee.

FINANCES FOR INTERNATIONAL STUDENTS

All financial arrangements must be completed before departing for the US. Students who transfer to Vaughn from other institutions must file evidence of financial support directly with the admissions office.

An international student accepted for admission is required to submit a nonrefundable tuition deposit of \$600 US to reserve a place among the entering class. Once the affidavit of support and other proof of financial ability have been received, the College will issue a completed certificate of eligibility (Form I-20) to the student. This certificate must be presented to an American Consulate in order to obtain the student classification F visa.

First-year international students must pay tuition and fees in full by the first day of classes. In subsequent years, they are permitted to participate in the College's deferred payment plan. Students who fail to regularly meet their financial commitment after joining a payment plan will be immediately removed from the program.

Students with F visas who transfer from other American institutions should notify Vaughn's admissions office of this change upon applying. The College then will assist these students in processing the required government notification.

STUDENTS WITH DISABILITIES

While Vaughn does not make any preadmission inquiries about disabilities, applicants who require accommodations due to a disability are encouraged to confer with the admissions office after they receive notification of acceptance.

The Title 504 and Americans with Disabilities Act compliance officer at the College is the executive director of the student success center.

STUDENT AFFAIRS

NON-DISCRIMINATION/HARASSMENT

Vaughn College is committed to maintaining an environment in its educational programs and activities that is free from discrimination, harassment, or retaliation. The College expects that all of its members will treat each other fairly and equitably, and without regard to differences. These standards encompass applicants, students, faculty, staff, visitors and vendors, and are to be observed by all members of the community with respect to all of the College's operations.

Consistent with this commitment, it is the policy of Vaughn College not to tolerate unlawful discrimination or harassment based on age, race, color, creed, ethnic origin, religion, national origin, citizenship status, sex, gender, gender expression, sexual orientation, marital or partnership status, pregnancy, disability, military or veteran status, predisposing genetic characteristics, domestic violence status, or for any other legally protected basis. Such behavior is unlawful and undermines the character and purpose of Vaughn College.

This policy is not intended to abridge academic freedom, the open expression of ideas, or the College's educational mission, and does not extend to statements or written materials that are relevant and appropriately related to the subject matter of courses.

Any individual or group that feels there may have been discrimination or harassment is strongly encouraged to ask for guidance or file a complaint. The College will take steps to achieve a prompt and equitable resolution of any complaints. The College has appointed the Interim Vice President of Student Affairs and the Associate Vice President of Human Resources as officials responsible for coordinating efforts with regard to nondiscrimination, including Title IX (gender discrimination and sexual misconduct), and Section 504 and the Americans with Disabilities Act (disability discrimination).

For more information about this policy, or to learn about the procedure for addressing violations of this policy, you may contact:

Mary Durkin, AVP of Human Resources at
718 429-6600 extension 105
or mary.durkin@vaughn.edu

The College's policies on harassment and discrimination are further defined in the Student Handbook, which is distributed to all students and is also available through the office of student affairs and the sexual and gender based misconduct policy both of which are available online.

LOCKER RENTAL

A limited number of lockers are available for rent from the office of student affairs. Students have the option to rent per semester or per academic year. Fees are \$15 per semester, \$20 for both the fall and spring semesters, \$15 for both summer sessions and \$35 for the entire year. For more information, contact the office of student services at 718.429.6600, ext. 221.

Technical Electives

Students in this program, in addition to 3 credit hours of a capstone design project are required to take 10 credit hours of open electives to give students freedom to concentrate in one of the following areas:

- Solid Mechanics and Structural Analysis
- Thermal Science and Aerodynamics
- Computer Aided Design & Computer Aided Engineering
- Control System and Robotics

Select two – 2 credits elective design course from the following:

MCE420	Meachantronics II	1	1
EGR489	Patran-Nastran FEA Structural Analysis	1	1
MEE450	Aircraft Configuration Design	1	1

NEW COURSE OFFERINGS AND UPDATED COURSE DESCRIPTIONS

APM 485 – Airport Development and Management - 3 Credits

This course develops skills and understanding of the operation, management and conceptual design of airports of any size. The course contents will cover the finance and administration of airports; airport planning; airport operations, maintenance, and security; as well as airport community affairs and relationships with other stakeholders. Course content will focus on practical application of airport management and airport operations knowledge. The course will also include content to help students prepare to obtain the Certified Membership (C.M.) and Airport Certified Employee (ACE)—Operations qualifications awarded by the American Association of Airport Executives (AAAE).

ATC350 – CURRENT AND FUTURE TRENDS IN AIR TRAFFIC CONTROL - 3 credits

This course focuses on the operation of today's air traffic control system and the near and mid-term changes to it that will be occurring due to NEXTGEN technological enhancements. It includes such topics as national and international ATC procedures and flight planning, an in-depth review of ICAO Annex 11, traffic flow management strategies, airspace analysis, ATC safety management systems, FAA automation initiatives, remote ATC towers, and oceanic ATC. It will study the world-wide trend toward privatization of Air Navigation Service Providers (ANSPs) and potential impacts on the United States. It will explore and discuss the impact of evolving navigation and surveillance technologies on both ATC and flight operations. A research project will be required. This course will benefit those students planning on careers in air traffic control. It will also benefit flight and airport management students by making them more aware of how emerging trends and technologies are modifying the present and future National Airspace System. Prerequisite: FLT110 OR FLT250 OR ATC200

ECO255 – INTRODUCTION TO MACROECONOMICS – 3 credits

This first course in economics will begin with basic concepts in Economics and the tools of economic analysis. Topics covered include supply and demand, their determinants and market equilibrium, total output and growth of an economy, employment, inflation and interest rates. The course will finish with an introduction to international economics. Prerequisite: MAT 115

24

ELE401 – PRE CAPSTONE PROJECT – 1 credit

This course prepares senior electrical engineering students for their capstone degree project. In this course, students begin working on their capstone degree project by studying the engineering design process and learning about professional topics related to the electrical engineering industry. Topics in the engineering

design process include customer needs identification, project concept generation and selection, engineering specifications, costs and project planning. Professional topics include communication, teamwork, ethics, safety, sustainability, globalization and engineering economics. Students work in a team to develop a project topic, specifications and a project plan, perform background research necessary to fully understand the project and the problem solving approach. Students are evaluated on their proposal report and presentation skills, as well as their ability to function as a team. Prerequisites: Seven semester standing, ELE330.

ELE452 – INTRODUCTION TO POWER SYSTEMS – 3 credits

This course focuses on the study of the different elements that form an electric power system, and their interactions. Topics include generation, transmission, distribution, energy management, control with SCADA, synchronization, protection, reactive power compensation, smart grid. Prerequisites: ELE325.

ELE453 – TRANSMISSION AND DISTRIBUTION – 3 credits

This course discusses the design and analysis of high voltage transmission lines and middle voltage distribution lines; conductors, corona, insulators, clearances, DC characteristics, feeders, voltage drop, capacitive effects will be covered. Prerequisites: ELE325.

ENG 225 – Film Studies – 3 Credits

This class surveys the history, origins and influences of American film. We will consider American cinema as an art form, an industry, and a system of representation. We will explore the process by which an American identity is both formed and reflected through movies, as well as how films work technically, aesthetically and culturally.

FLT110 – GENERAL AERONAUTICS – 4 credits

Subjects include theory of flight, environmental effects, basic aircraft and powerplant systems, weight and balance, operating data, basic navigation, basic meteorology, air traffic control principles, aviation safety and federal aviation regulations. Upon successful completion of this course, the student will have gained the aeronautical knowledge and experience necessary to apply for a Federal Aviation Administration (FAA) Private Pilot written examination. A grade of C or better is required to complete this course. The FAA Private Pilot written exam must be successfully passed before applying to take the FAA practical exam (airplane check ride). The Flight Instructor will evaluate student's knowledge during the flight phase and authorize the student to take the written exam. ATC students taking this course must complete the simulator lab.

As part of the laboratory experience, students are required to take five hours of simulator training and additional training to prepare for the FAA written exam. Class II FAA medical certificate and financial counseling is required for students in the aircraft operations program.

An exam, simulator and seminar lab fee are required.

FLT 384 – Aviation Environmental Issues – 3 Credits

This course is an in-depth study of the environmental concerns within the aviation industry and how policy and decision-makers can implement effective strategies toward compatibility between the aviation industry and its environment. The course covers methods of managing the environmental effects of aviation. It presents various environmental issues faced by airports and airlines, including legal and regulatory aspects, noise, pollution, and the ways that management can deal with various environmental situations ethically and profitably.

MGT110 – INTRODUCTION TO MANAGEMENT – 3 credits

This course introduces theories of effective management through the use of practical situations. Coursework develops skills necessary for supervision, such as effective use of labor and motivation techniques.

MGT230 – FINANCIAL MANAGEMENT – 3 credits

Topics covered include financial statements, the environment and institutions. Students learn about the time value of money, interest rates, discounting and compounding. Other issues addressed are financial assets and their valuation, financial decision making over the long and short terms, and international financial markets. Prerequisites: MAT115, MGT120

MGT240 – MANAGERIAL ECONOMICS – 3 credits

This course provides the student with an understanding of the fundamentals of microeconomics. Topics include cost behavior, perfect competition, monopoly, imperfect competition and oligopoly. Prerequisites: ENG110, MAT115; spring offering only

MGT403 – INTERNSHIP - DEGREE PROJECT – 3 credits

Students in the BS programs in airport, airline and general management apply their classroom learning to management internship for credit by participating in an internship in a business related to their major. In addition to the internship, students are required to complete written assignments and an oral presentation in

consultation with a faculty adviser. A research project is required for all management students who take MGT403.

The following courses are available for Reduced Air Transport Pilot (RATP) Credit:

ATC200, ATM320, ATM452, FLT110, FLT111, FLT120, FLT121, FLT221, FLT230, FLT240, FLT241, FLT330, FLT331, FLT345, FLT360, FLT361, FLT385, FLT447, FLT470, FLT471, FLT472, FLT480, FLT481, PHY120, PHY220

DIRECTIONS TO THE VAUGHN COLLEGE CAMPUS

By public transportation:

Take the E or F train to Roosevelt Avenue—Jackson Heights (express stop) or the No. 7 train to 74th Street—Broadway (local stop), then take the Q33 LaGuardia Airport bus to the College at 87th Street or the Q48 Marine Air Terminal bus from Main Street, Flushing.

The M60 bus is a local service between Morningside Heights, Manhattan and LaGuardia Airport, Queens. The bus leaves from Broadway and West 106th Street, proceeds north on Broadway and then east on 125th Street. It crosses the Robert F. Kennedy (Triborough) Bridge into Queens and stops across the street from the College on 23rd Avenue at 87th Street.

Visit these helpful websites: mta.info and hopstop.com

By automobile:

When using a GPS device, please enter Vaughn's address as:
